EDUCATION & TRAINING

Internal Medicine Residency 2024 – 2027

Cook County Health · John H. Stroger Jr. Hospital, Chicago, IL

- High-volume urban safety-net program. Program Director: Anshu Singh, MD.

MSc in Clinical Investigation (MSCI) 2025 – 2027

Northwestern University, Chicago / Evanston, IL

- Graduate training in epidemiology, biostatistics (basic and advanced), clinical trials, electronic health records, and research ethics, with a mentored cardiovascular thesis; will graduate alongside residency.

M.B.B.S. (MD-equivalent) 2015 – 2021

Christian Medical College, Vellore, India

- Very high-volume quaternary referral and teaching hospital, renowned for serving the underserved.
- Followed by compulsory service including a year in the cardiothoracic surgery ICU.

CARDIOVASCULAR CLINICAL EXPERIENCE

Coronary Care Unit & Cardiology Floors 2025 – present

Cook County Health, Chicago, IL

- Completed **6 months on a dedicated cardiology primary service** — consults, CCU, cardiology floors, and cardiology clinics — across the PGY-1 and PGY-2 years, with **2 further months planned in PGY-3**.
- **CCU:** post-STEMI care, symptomatic bradycardia requiring temporary pacemaker placement, cardiogenic shock requiring mechanical circulatory support, and VT storm managed with multiple antiarrhythmics.
- **Cardiology floors:** high-volume acute decompensated heart failure, pulmonary embolism, and antiarrhythmic initiation.

Inpatient Consults & Outpatient Cardiology Clinics 2024 – present

Cook County Health, Chicago, IL

- Evaluation of syncope, heart failure, chest pain, arrhythmias, and cardiac device issues; ED STEMI activations and impending cardiogenic shock.
- Longitudinal outpatient experience in general cardiology, electrophysiology, and structural heart clinics.

Observership — Adult & Pediatric Cardiology April 2024

Christian Medical College, Vellore, India

- Completed between residency match results and the start of residency.
- Spent most mornings in the catheterization laboratory observing routine diagnostic catheterizations, aortic aneurysm repair, complex peripheral artery disease interventions, congenital heart disease repairs including VSD and ASD closure, electrophysiology studies, pacemaker placement, and atrial fibrillation ablation.
- Participated in rounds through the afternoons and evenings, assisting with cardiology ICU and floor patient management.

Cardiothoracic Surgery ICU 2022 – 2023

Christian Medical College, Vellore, India

- **Capacity:** independently managed patients under the supervision of cardiac anesthesiologists and cardiac surgeons.

- **Case mix:** adults (95%) and children (5%); 95% post-operative and 5% pre-operative — including aortic dissection requiring blood-pressure stabilization and NSTEMI.
- **Bedside echocardiography:** obtaining standard windows, identifying pericardial effusion, visual estimation of ejection fraction, and recognizing wall-motion abnormalities.
- **ECG interpretation:** cardiac arrhythmias, conduction blocks, and signs of digoxin toxicity.
- **Academics:** attended the weekly academic half-days intended for cardiology fellows.
- Earlier, served as first assistant on a CABG during a medical student elective at Uppsala University, Sweden.

TEACHING, LEADERSHIP & SERVICE

Curriculum Committee Member & Resident Program Representative

2024 – present

Cook County Health, Chicago, IL

- Contributed to major internal medicine curriculum changes including MICU roster modernization, floor workflow redesign, and resident participation in didactics; represented the program in applicant recruitment.

Research Mentorship

Since 2019

- Mentored two groups of junior medical students through research projects from question formulation to publication; served as longitudinal mentor to a junior medical student throughout medical school.

UDHAVI COVID-19 Telemedicine Helpline

2021

Christian Medical College, Vellore, India

- Junior-most member of a physician-led helpline providing evidence-based telephone consultations to patients in remote regions during pandemic lockdowns, in 4–6 hour daily shifts alongside full-time clinical duties.

‘Cognitio’ Research Symposium & Rural Medical Camps

2015 – 2018

Christian Medical College, Vellore, India

- Treasurer (2017) and Organizer-in-charge (2018) of an undergraduate research symposium.
- Volunteered for multiple weeks at rural medical camps in Karnataka and Assam, India, as a medical student.
